THE NEGATIVE ELITE AGENDA IS FAILING

The ebola outbreak will take its toll, but not in the way most people think.

The objective of the negative elite is control and domination of others. That is failing.

THE UNIVERSAL WILL HAS RESPONDED

The universal will has responded to your plight.

And as David is well aware, there have been multitudes of divine interventions, as you could call them, to contain and check the negative influences upon your sphere.

So while there are still events causing some degree of panic and great concern, and indeed loss of life, we are steadfastly forestalling any and all events that would ruin the garden, so to speak – and/or give the negative any type of decisive advantage that would allow them to preserve their depopulation and dominance agenda.

THIS IS A NECESSARY CATALYST TO A GLOBAL AWAKENING

While we do not like seeing all this fear and pain upon your planet, we also are working from a perspective of understanding that it is a necessary catalyst to a global awakening.

It is vitally important that you make this change yourselves.

All hands are on deck now, and everyone is being inspired to be of service in some fashion.

You need not worry about the method of how you are helping, necessarily.

Far more important than *what* you do is *how you are doing it*.

THIS IS ULTIMATELY A FREQUENCY BATTLE

As we have so often said, this is ultimately a frequency battle.

Those who continue to feel a profound sense of distress, anger, loneliness, fear, jealousy, rage, et cetera, and exist in these states for prolonged periods of time, are in fact directly contributing to the furtherance of the negative agenda.

Your planet ultimately is a very highly structured illusion, in which there are widespread numbers of beings like ourselves whose responsibility is to keep the veil of materiality as convincing as possible – while offering clues that it is far more holographic than most would ever realize.

THE PATH INVOLVES RECONCILING THE INNER AND OUTER WORLDS

Let this be a lesson in compassion and grace.

For the path, as always, is one of reconciling the inner desires for change with the outer appearance of staleness.

THERE IS A DIRECT CHANGE IN THE PHYSICS

Be at peace within yourself, and understand that there is a direct change in the physics of consciousness when you exist in a state of uplifting gratitude, good humor, happiness, laughter and favorable feelings towards yourself and others.

This may seem hokey to those who have not familiarized themselves with the greater plan and purpose of the Creation.

It may seem that these emotions lack the subtlety and nuance of one who is a seasoned observer of human nature – and are therefore naïve and even foolish.

The real difference, of course, comes in the simple acknowledgement that there is nothing wrong about feeling good.

In fact, it is quite wonderful to feel good.

A SYMPHONY OF DESTRUCTION ON A ONE-STRINGED VIOLIN

There are those who want you to feel bad.

They promote wars and rumors of wars, plagues and rumors of plagues, mass shootings, economic chaos, et cetera.

Their goal is to literally keep you in as much of a state of fear as is possible.

It is akin to someone trying to perform a symphony of destruction upon a single violin that contains only one string.

More and more, you are learning to tune out this cacophony of fear.

THE CABAL IS LIKE A HEROIN JUNKIE

And like a heroin junkie, the Cabal is fighting back by attempting to amp up their responses as much as possible – to get another fix, faster and faster, each time, so that no focus is broken – and that fear continues to be the dominant, nerve-jangling note that is played on the global stage.

And yet, look at all we have attained. In the process of awakening, there is freedom.

Your governments, financial systems and militaries, corporate heads and media monopolies, have most definitely not been free.

This condition has continued in some fashion for quite some of your years, as you measure time.

THE HERO'S JOURNEY STORYLINE IS WRITTEN INTO THE CYCLES OF CREATION ITSELF

It is a cycle, built into the harmonic wheelwork of Creation itself.

It produces individual Hero's Journey storylines, as well as a global struggle akin to the Hero's Journey in its own, distinctive right.

You are engaged in the story – whether you like it or not.

It speaks to you from every corner now.

The simple joy of a life lived in solitude and isolation from the global stage is being continuously interrupted.

THE CABAL IS LIKE A CHILD HAVING A TEMPER TANTRUM

The Cabal is increasingly like a child having a temper tantrum.

And as the child loses its attention, and is no longer the focus of everyone's concern, it only responds by acting out and becoming more and more angry.

WE HAVE A SURPRISE FOR YOU

We have a little surprise for you at this time.

It comes in the recognition that there are no stars in the sky.

There is only a hologram of the emptiness that is within.

And within said emptiness lies awareness – and Unity consciousness.

The bigness of the Universe produces a compelling illusion that it must be real.

And in a certain sense, it absolutely is.

ONE OF THE MOST IMPORTANT RULES IN THE HOLOGRAM IS FREE WILL

You do live in a hologram, and within the hologram there are rules.

One of the most important rules is the *freedom of will*.

By infringing upon the free will of others, you mandate balancing actions to occur within this illusion.

And yet, once you understand the greater implications of there being no universe, other than that which arises from the fullness of a unity that is beyond space and time, then you can indeed revel in the fact that your journey need not take thousands or millions of years of reincarnation to complete itself.

YOU CAN COME INTO DIRECT CONTACT WITH YOUR TRUE NATURE

There is an agenda for your life.

And in these times of great change, you can come into direct contact with your true nature as a spiritual being, and as Oneness, like never before.

The path is so much easier than you may realize, because as we said before, it is primarily about feeling good.

Struggle is not a requirement; good humor is.

A NOBILITY OF CHARACTER SHINES THROUGH

Granted, there are always going to be challenges you can take on.

But within those challenges there is always a nobility of character that shines through; a willingness to receive the support that will be given to you when you take on a noble cause, and put your best foot forward in service to others.

Though the world may seem impossibly broken, and though the fear-mongers shout from every rooftop that doom is right around the corner, you will notice that you still live and breathe, that there is no martial law, there are no detainment camps, there is no mass doom and destruction.

WE HAVE ELIMINATED THE POSSIBILITY OF NUCLEAR WAR

It is now becoming clear that we have eliminated the possibility of a nuclear war, ever since you developed the technology.

What is far less known is the degree to which we have systematically checkmated any and every attempt to create similar scenarios through other means.

The negative is not allowed to win this game, because your collective free will does not mandate that it does so.

SOME PLANETS ARE ALLOWED TO GO NEGATIVE -- IF THEIR FREE WILL DECIDES IT

There are certain planets that are allowed to be conquered. And this is a direct consequence of the overall state of being of the people who live upon it.

Such environments are murderously complex and terrifying.

And the enslavement that occurs does, in a sense, create organization – and a great story of struggle against seemingly impossible adversaries.

In these cases, people who had become extremely negative are then given a direct opportunity to pool their resources together, often under the greatest terms of secrecy imaginable, to rise up against their oppressors and reclaim their sovereignty.

In the midst of such a noble quest, many layers of negativity are purged and healed – and there even can be a shift back into the positive in the course of this process.

EARTH IS NOT NEGATIVE ENOUGH TO ALLOW THIS TO HAPPEN

Bear in mind, once again, that earth as it exists today is not negative enough to warrant this succeeding.

Most planets are not. This is a very rare phenomenon, relatively speaking.

THE REVEALING OF THE SHADOW GOVERNMENT INSPIRES GROWTH AND CHANGE

You are noticing that upon your planet, the negative agenda is becoming impossible to ignore.

This is by design.

The more upsetting and oppressive and odious the shadow government appears, the greater incentive there is to seek to rise above it in one's own life and motivations.

Bear in mind that you reach a stalemate of sorts when you indulge in complaining about the problem, and obsessing upon the details and the subtleties of its basic nature.

THE NEGATIVE AGENDA IS LOSING ITS BATTLE FOR CONTROL

The most important thing to see about the negative agenda, at this time, is that it is losing the battle for control of humanity.

Granted, there are those who automatically will spring back and say that this is impossible, it is folly, and it is a dangerous thought to even consider.

They will suggest that nothing short of a vigilant focus upon fear and anger is required.

THE MEDITATION EFFECT IS PURE SCIENCE

Why don't we take a step back for a minute and really reconsider the scientific data that you already have available to you – such as the so-called *Meditation Effect*.

There have been dozens of peer-reviewed clinical studies proving that relatively small groups of people meditating together, and performing a reunion with unity consciousness, can have a profoundly positive effect upon the outcomes and circumstances on your planet.

This is not a subject of speculation. **It is pure science.**

And regardless of how you think this message is getting to you, and whether you believe in its credibility or not, this much is certain:

The meditation effect is absolutely real. And it is an invitation to mystery.

If seven thousand people meditating in unison can reduce global acts of terrorism by seventy-two percent, as was documented, then clearly we have a tool for promoting peace and ending conflict worldwide that is of far greater usefulness than any military expenditures currently being made, or which ever have been made.

YOU ARE EXPERIENCING A SHARED CONSCIOUSNESS

If threat deterrence is truly the goal, then meditation is the answer.

The reason why this works is that you are experiencing a shared consciousness.

The conscious mind biases its access to the cloud, if you will, so that it appears that your thoughts are personal.

But when you consider the innumerable pieces of scientific data that show how easily and readily thoughts are shared, such as the Meditation Effect and many others, you realize that there is a collective emotional body and intellect. And only a small degree of work is necessary to alter the collective.

MASS MEDITATIONS ALONE MAY NOT BE ENOUGH

We have noticed a certain bias in favor of single acts of meditation at certain specific dates and times, with the goal of reducing conflict on those occasions.

This is, in a sense, akin to a parlor trick, proving the same effect works again and again.

We do not in any way mean to decry or diminish the importance of such endeavors.

However, it is clear that the proof has been obtained directly – innumerable times.

There is no further need for proof.

Also, to only do occasional meditations of this nature is akin to voting in an election and then having no further control over what the candidate does after the vote has been cast.

THIS CAN BECOME LIKE A RELIGION

You see, these periods of mass meditation can indeed create a momentary change in the level of conflict and hostility, but it can also be akin to a church-goer seeking salvation on Sunday so they can return to their normal behaviors throughout the rest of the week.

Those normal behaviors may very well be significantly lacking in their spiritual level of evolution.

Again, we are not saying that mass meditation exercises should be ignored or overlooked.

What we are saying, however, is that they provide a low-lying fruit that can serve to some as a distraction, believing that if they seek to accentuate the positive and exist in a state of unity consciousness during those moments, that whatever else takes place in the remainder of their lives is largely irrelevant.

WE ENCOURAGE A MINDFULNESS PRACTICE OF CONTINUAL PEACE AND LOVING THOUGHTS

Our hope has always been to generate an incentive leading to more of a mindfulness practice, so that you are online, helping solve the problem, essentially at all times – rather than at certain fairly randomly chosen intervals.

The level of conflict and hostility on earth at any moment is a direct function of how everyone is thinking and feeling.

And it would surprise you to notice how few people preserve the balance in certain circumstances where traumatic experiences are widespread – based on the latest screaming headlines.

You have been given these experiences of synchronicity and the breakthrough into the positive perspective so that you can see the deep, inner core of unity that all arises from.

IT MAY SEEM NAIVE, BUT GIVE IT A TRY

It may seem dangerously naïve to you to believe in the positive outcome, and the goodness of the universe.

But we invite you to cultivate this sense of peace and belongingness and good cheer, patience and forgiveness, and acceptance of others.

For in so doing, you are enabling us to be of much greater assistance – both to you as a person and to the collective.

In many senses, the efforts you make as an individual carry far greater weight than you may realize.

THE VOTING OCCURS MOMENT BY MOMENT -- AND YOU HAVE MORE POWER THAN YOU REALIZE

The voting for the outcome on your planet occurs moment by moment.

And in those moments, you can be a force for the good.

Look at how powerful the events are that are taking place in your world at this time.

You are indeed living in a supernatural reality.
You are indeed seeing mind-boggling hidden truths coming to light.
How you respond to all of this is your choice – and you can choose wisely.

THIS IS ABSOLUTE TRUTH, NOT BLIND FAITH

You can choose to look at those moments of grace, those moments of compassion, those moments of honor and noble service, and see that you want to be one of those people who spreads that to others – and to yourself.

Creating harmony is often about letting it happen: being brave enough to ease the mind's control as it seeks to embellish all stories with fear and needless complexity of details.

We do not call this "blind faith." We call it absolute truth.

THE LAWS OF CAUSE AND EFFECT ARE NOT AS FIXED AND "3D" AS YOU MIGHT THINK

You are still ensconced within the illusion in physical form.

You have a physical body and you exist in what appears to be a universe of matter.

Therefore, it is very compelling to believe that the laws of cause and effect are as fixed as Kepler's laws of planetary motion, or Newton's law of gravity.

From our perspective, our jobs are to exist outside your illusion and help those who need the help the most – which at this point is everyone.

THE MORE YOU ASK FOR HELP, THE MORE HELP WE CAN PROVIDE

The more we are called upon to help you, the more help we can provide.

It is as simple as that.

We wish to cause you no harm – only to empower you to help yourselves.

We see the beauty of humanity; the nobility.

We do not view you with a sarcastic disdain, as a cancer upon the earth.

This is not our way.

WE WISH YOU LOVE AND PEACE

Each soul is precious beyond measure – regardless of nation, race, religion, gender, et cetera.

You are all holograms of the One Infinite Creator, experiencing your own unique perspective upon that which *is*.

And we wish you kindness, laughter, and enjoyment of the fulfillment of the promises that all of the great masters have given you.

DIVINE INTERVENTION IS KEEPING EVERYTHING HELD TOGETHER

You are in a time of stunningly resplendent change.

The simple fact that everything holds together, and that the planet has not fallen apart in light of the efforts that are made by some to do so, can be proof enough that divine intervention is taking place – and that you are indeed being protected.

It is as if a piano is playing, and you have not yet seen the player for being what it is.

WE ARE YOUR SERVANTS

You are steering this ship.

We are your servants.

We seek to help you usher in the very transformation that is required to get you to a place of harmony, peace and happiness.

Our goal is nothing more than your freedom and your self-realization.

WE ARE WORKING OVERTIME TO GIVE YOU PERSONAL VISIONARY EXPERIENCES

Innumerable efforts are being made at this time to give you visionary experiences, prophetic dreams, synchronicities and all sorts of moments where the veil is pierced – and you catch a glimpse of the greater mystery of unity that all this matter-based universe arises from.

In this moment, you can reclaim your sovereignty as a being.

You need not dance to the tune of those who would play the same nerve-jangling cacophony of fear again and again.

THE FLOWERS OF PAIN ARE WILTING

Recognize the flowers of pain that are wilting at this time.

Though their thorns may seem to be snagging more than ever, this is only by design.

As the denial breaks down and the villain is seen for what it is, it will appear bigger and more powerful than ever.

But this is simply a collective effect caused by the focus of attention.

As you begin realizing what the problem is on a collective level, it seems to have become even more accentuated than ever.

Know that in the denial finally breaking down, you move much closer to reconciliation.

WE ARE WORKING WITH THE INTERNATIONAL ALLIANCE BEHIND THE SCENES

We have worked and are working very diligently on a variety of levels to ensure that you will experience a successful outcome.

This includes our coordination with a vast international alliance of those whose righteousness compels them to step forward and secure humanity's future from those who would seek to enslave it for their own gain and pleasure.

We are truly grateful to have the opportunity to give you this message, and want to remind you that it is that same still, small voice that speaks within you.

It is ageless wisdom, available to everyone by simply quieting the mind and turning within, to see the light that shines through the open heart – in the peace and stillness of the moment.

We thank you, and remind you that you are loved more than you could ever possibly imagine.

Peace be with you in the Light of everlasting Love. Adonai and amen.
